

## Henry Dreyfus Teacher-Scholar Awards Program

<u>Institution</u>	<u>Awardee</u>	<u>Department</u>	<u>Area of Interest</u>
2011			
Bard College	Craig M. Anderson	Chemistry	Synthesis, Characterization, and Reactivity of Hetero-Multinuclear, Anti-Cancer, Metal Complexes
Mount Holyoke College	Megan Nunez	Chemistry	Biophysical Chemistry of DNA Damage and Bacterial Predation
Oberlin College	Rebecca Whelan	Chemistry and Biochemistry	Analytical approaches to the characterization and detection of ovarian cancer biomarker proteins
Swarthmore College	Stephen Miller	Chemistry and Biochemistry	Biochemical and structural studies of interspecies bacterial communication
University of San Diego	Jeremy Kua	Chemistry and Biochemistry	Multiscale Modeling of Formaldehyde Chemistry
Wellesley College	Donald E. Elmore	Chemistry	Characterization of a Histone-Derived Peptide Library
